JACK TORRES WILL MEET MAGRIL FOR 15 ROUNDS AT ST. JOE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Jack Torres will meet Art Magrill soon in St. Joseph. Mr. Magrill recently was given a decision over Torres in Memphis, Tenn., at the end of an eight-round fight. When they meet in St. Joseph it will be for fifteen rounds. Torres is confident of his ability to defeat Magrill at this distance.

Torres will leave tonight for Denver, where he will train Benny Chavez for a bout to be staged in Denver. From Denver Torres will go to St. Joseph.

Part-Mutual for Juarez.

Chicago, April 1.—The Part-Mutual system of betting will be introduced at Juarez race track, according to information received here. Colonel Matt Winn, manager of the Mexico race course, has announced that when the track reopens it will be with a full equipment of the Part-Mutual machines. Manager Winn expects to resume operations with a fall meeting for the thoroughbreds.

Braves Defeat Athletics.

Jacksonville, Fla., April 1.—The Boston Nationals scored five runs off Morrisette in the seventh inning here today and easily defeated the Philadelphia Americans, 9 to 2.

A suit of clothes may look nice on the surface, but ask yourself how long it will wear before you buy.

Clothcraft has a reputation for wearing well. The material is good to begin with and it's put together to stay.

Ask to see some of the newer models at \$10 to \$25. Just mention 6130 if you like gray.

Appearance of Candidate Defeated at Primaries Is Greeted With Cheers; Francis E. Wood Speaks.

That the defeat of M. E. Hickey, candidate for the mayoral nomination, at the primaries did not shake his party loyalty was shown last night in his appearance at the republican rally held in the party headquarters.

Mr. Hickey's ascent to the platform was greeted with applause. He stated that he was there for the sake of the republican party. The greatest part of his life had to do with the water question.

Last night's meeting marked the beginning and end of republican rallies of city-wide scope in this campaign.

Two meetings are to be held tomorrow night, one in the south part of the city and the other in the First ward, but no more general rallies will be held at the headquarters.

The meeting last night was well attended. City Chairman John W. Wilson estimated the attendance at 500.

Reads Mayor's Statement.

Mr. Wilson read a statement of the mayor's giving his views on the water question. Here is the statement:

I am unwillingly in favor of municipal ownership of the water supply system in Albuquerque.

Last summer while the city council was holding a series of meetings for the discussions of the water question by the people, after a franchise had been submitted to the council by the Water Supply company, I investigated and studied deeply the question and it presented itself to me in a way which I thought might ultimately lead to city ownership without burdening the taxpayers with a heavy bond issue and in accord with this idea of leaving to municipal ownership, I submitted a proposed franchise as a counter proposal to the one proposed by the Water Supply company in substance as follows:

Minimum rate of sixty cents per month which would entitle the user to two thousand gallons of water, all water used in excess of two thousand gallons to be paid for at the rate of fifteen cents per thousand gallons, time limit of franchise, twenty-five years from date of approval by the people and at the end of the franchise, the title to the plant to become vested in the city absolutely as a compensation for the franchise granted the company.

A committee was appointed by the council of which I was a member, to confer with the Water Supply company, and find out its attitude toward the same. The Water Supply company refused to consider the proposition at all and further negotiations were blocked.

I am now fully convinced, as before stated, that the only way to get cheap water and at the proper rates, is through municipal or city ownership of the water supply system. I am asking for the bond issue as proposed by the council.

Should the bond issue carry and the people favor municipal ownership, I shall stand for and insist upon an apolitical non-partisan water commission, its members being appointed, after the first board, for a period of six years.

The appointment the first of April of each odd year, thereby making it one year after the next election when there is no political contest. The first board appointed would serve two, four and six years, respectively.

Care for the people and their rights and interest first, last and all the time.

Having lived in Albuquerque over forty-five years and having done business with you, and among you, I will take especial pride and enjoyment in serving you to the very best of my ability if chosen mayor again of Albuquerque.

You can always sell as many as you produce. A standard incubator like a Cypers or Mandy Lee is as easily run as a clock. These machines we set up and teach you how to run them, for which there is no additional cost. If you want to see a machine running one will be set up and run without any indication on your part to buy. We have 100 dozen and dozens of both of these incubators. Can give you the names of parties who have hatched 100 per cent hatchies. E. W. FEE.

Barnes Wins a Golf Championship.

Pinehurst, N.C., April 1.—James Barnes, Atlantic beach professional, won the sixteenth annual United South and South Open golf championship today with a score of 144 for the thirty-two holes.

Jerry Haggard, "Cap" Gillenwater's candidate for alderman from the Third ward, is the secretary of the brewery.

Richard Not Interested.

New York, April 1.—Tex Rickard denied here tonight that he was interested in any way in a syndicate which was said to be in Minneapolis to have signed a contract under which Fred Fulton would meet three heavyweight fighters in this city for a purse of \$20,000. Rickard said he expected to sail in a few weeks for South America where he has business interests.
